

# If you want to create **Magic** put *only* Organic Waste here

Tamarind

Nuts

Sawdust

Vegetables  
Fruits

Pizza

Egg shells

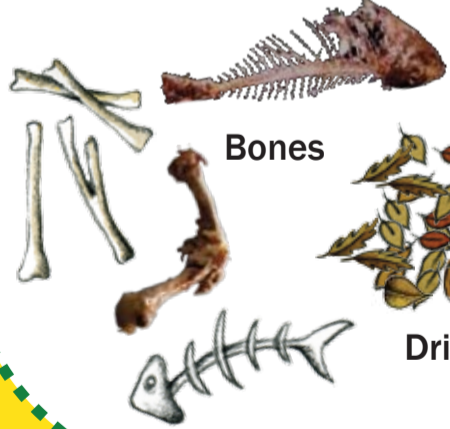

Tea/Coffee grounds  
Tea bags

Waste food, bread, dal, rice, butter

Cheese - without foil

Tissue paper used and  
shredded newspaper

Bones

Dried Leaves

Dried  
Flowers

Coconut Shell  
(takes too long to  
decompose, You  
can use its fibre to  
scrub your dishes or  
give it to someone  
who will use it as  
fuel)

Line your Kitchen,  
Pantry and Canteen  
Bins with  
**Newspaper** instead of  
Plastic - this way  
you reduce use of  
plastic and the  
newspaper is useful  
in composting the  
organic waste. Use  
many layers if your  
waste is too wet.

This will then be put  
into a composter for  
composting.
